

# My Health Record - Healthcare Provider Registration

## Access via conformant software

### Step 1 – Register for a PRODA account

PRODA (Provider Digital Access) is a method of authentication to provide users with access to government services online - <https://proda.humanservices.gov.au>

PRODA registration requires three forms of identification from the following list.

- ◆ Australian passport
- ◆ Medicare card
- ◆ Australian driver's licence
- ◆ ImmiCard
- ◆ Australian birth certificate
- ◆ Australian Visa and foreign passport
- ◆ Citizenship certificate
- ◆ Certificate of registration by descent

*Password hint: cannot include more than one special character.*  
Complete the registration and log in.

### Step 2 – My Health Record Seed Organisation Registration

Healthcare providers and administrators can manage the My Health Record registration process via Health Professional Online Services (HPOS). Once you are logged into PRODA, click **Health Professional Online Services (HPOS)** from the list of services.

#### If this is your first time using PRODA...

You will be prompted to enter your healthcare identifier (i.e. AHPRA registration, HPI-I, HPI-O or RO/OMO number). You will then be prompted to accept the terms and conditions, set your email address, and set your notification preferences. It is recommended that you select **Immediate notification for each new correspondence**.

#### Once your PRODA and HPOS are linked...

From within the **Health Professional Online Services** tile, choose either **Link Identifiers** to link your PRODA account to the HI service or **Go to Service** to register your organisation. Follow the prompts.

If you are not listed on your organisation's Australian Business Register record, you may need to upload evidence to your online application.

The following documents may be uploaded. A full list of documents is included in the **Organisation Details** tab of the online application.

- ◆ Certificate of company registration from ASIC
- ◆ Notice by registrar of Australian Business Register
- ◆ Business bank statement
- ◆ Lease agreement or Rates notice
- ◆ Other document (i.e. a statutory declaration)

Submit the form, your process will end with a Pending status. The **HPOS Mail Centre** will notify you when the registration is complete.

### Step 3 – Request a NASH Certificate

Once your HPI-O has been issued, click **My Programs** and then **Healthcare Identifiers**. Select **My organisation details** and select your organisation.

From the **Organisation snapshot** screen, click the last tab **Certificates** and then **Request a NASH PKI site certificate** at the bottom of the screen.

Complete the **Mobile Number** and other required fields, click **Save changes**. You will receive an SMS when the certificate is ready for download from HPOS (from the **Certificates** tab).

### Step 4 – Link your existing PKI certificate

From the HPOS **Organisation snapshot** screen, click the last tab **Certificates** and then **Link existing PKI certificate** near the bottom of the screen. Identify the correct PKI certificate to link to your HPI-O.
